Jennifer Godwin June 25, 2010 Table of Contents

Diagnostic Interview Schedule for Children, Parent Report

Developmental disorders comprise a group of psychiatric conditions originating in childhood that involve serious impairment in different areas. There are several ways of using this term. The most narrow concept is used in the category "Specific Disorders of Psychological Development" in the ICD-10. These disorders comprise language disorders, learning disorders, motor disorders and autism ...

Developmental disorder - Wikipedia

ICD-10 is an international statistical classification produced by the World Health Organization. It is used in health care and related industries in several countries around the world. Some have gone on to develop their own national enhancements, building off the international version of the classification.
