CISA Certified Information Systems Auditor Study Guide

The book and CD are probably the best you will find for the price. I just passed the exam today and I used this book and CD with 400 questions included-it was the most helpful of all the other resources I used.

CISA Certified Information Systems Auditor All-in-One Exam

Ability to analyze the financial condition of business organizations or individuals by examining tax records, accounting statements, physical property inventories, and methods of operation.

AUDITOR - michigan.gov

A financial audit is conducted to provide an opinion whether "financial statements" (the information being verified) are stated in accordance with specified criteria. Normally, the criteria are international accounting standards, although auditors may conduct audits of financial statements prepared using the cash basis or some other basis of accounting appropriate for the organisation.

Financial audit - Wikipedia

An audit is a systematic and independent examination of books, accounts, statutory records, documents and vouchers of an organization to ascertain how far the financial statements as well as non-financial disclosures present a true and fair view of the concern. It also attempts to ensure that the books of accounts are properly maintained by the concern as required by law.

Audit - Wikipedia
