ACC491 Contemporary Auditing I Course - University of Phoenix

This guide stresses the systematic causal analysis of gender inequality. The analytical questions raised and the readings listed consider why and how gender inequality arises, varies across and within societies, persists over generations, produces conformity by individuals and institutions, resists change, and sometimes changes dramatically.

What Causes Gender Inequality? - Analytical Strategies

Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. While some sociologists conduct research that may be applied directly to ...

Teaching of Social Sciences The social sciences encompass diverse concerns of society and include a wide range of content, drawn from the disciplines of history, geography, political science, economics and sociology.

ON TEACHING OF

Intelligence To be intelligent you first have to know what being Intelligent is. And you also have to know what being ignorant is. Ignorant is just another word for "Not knowing". But not knowing is not always obvious or clearly understood. That's because learning is not fully understood. The more you learn the more you should realize what you didn't know.

Intelligence Smart Genius Gifted Wisdom Ignorance
