Laying the Foundation: Setting Up Your Environment for Cost Optimization AWS Whitepaper Cost Allocation Supports Ownership and Accountability In a traditional data center, teams have to either architect within the limitations of existing investments

### **Laying the Foundation: Setting Up Your Environment for**

In mathematics, computer science and operations research, mathematical optimization or mathematical programming, alternatively spelled optimisation, is the selection of a best element (with regard to some criterion) from some set of available alternatives.. In the simplest case, an optimization problem consists of maximizing or minimizing a real function by systematically choosing input values ...

### **Fundamentals of Engineering Economics**

WAN optimization is a collection of techniques for increasing data transfer efficiencies across wide-area networks (WANs). In 2008, the WAN optimization market was estimated to be \$1 billion, and was to grow to \$4.4 billion by 2014 according to Gartner, a technology research firm. In 2015 Gartner estimated the WAN optimization market to be a \$1.1 billion market.
