Psychosocial assessments are becoming more and more necessary because of the rapid change in socioeconomic structures which are leading to psychological changes as a result. Especially children and adolescents are the major victims of these changes. Thus for behavioral improvements as well as social studies these assessments are quite indispensable.

Letter case (or just case) is the distinction between the letters that are in larger upper case (also uppercase, capital letters, capitals, caps, large letters, or more formally majuscule) and smaller lower case (also lowercase, small letters, or more formally minuscule) in the written representation of certain languages. The writing systems that distinguish between the upper and lower case ...

Fraktur (German: [fʁʏkˈtuʁ] ()) is a calligraphic hand of the Latin alphabet and any of several blackletter typefaces derived from this hand. The blackletter lines are broken up; that is, their forms contain many angles when compared to the smooth curves of the Antiqua (common) typefaces modeled after antique Roman square capitals and Carolingian minuscule.

1. This paper is the culmination of our work which began in May 2014 with the publication of our policy statement, Approach to regulation and its reform (which we subsequently refined and expanded upon in November 2015). In that position paper, we explained that one of our two key purposes are to protect users of legal services.
