Adult Needs and Strengths Assessment

Providing information, education, and training to build knowledge, develop skills, and change attitudes that will lead to increased independence, productivity, self determination, integration and inclusion (IPSII) for people with developmental disabilities and their families.

The Minnesota Governor's Council on Developmental Disabilities

Child development entails the biological, psychological and emotional changes that occur in human beings between birth and the conclusion of adolescence, as the individual progresses from dependency to increasing autonomy. It is a continuous process with a predictable sequence, yet having a unique course for every child. It does not progress at the same rate and each stage is affected by the ...
