As it seems to happen every year, things changed, but we spent about the same amount. And life went on just fine. I think it's because spending is more of a habit than a conscious effort " if you just develop the habit of spending the right amount for your own needs and savings goals, everything else takes care of itself.

Night vision is the ability to see in low-light conditions. Whether by biological or technological means, night vision is made possible by a combination of two approaches: sufficient spectral range, and sufficient intensity range. Humans have poor night vision compared to many animals, in part because the human eye lacks a tapetum lucidum.
