marketing function, and will look at multi-channel management, marketing in a social, local and mobile (SoLoMo) world, the advent of Google into the travel market place and what Big Data will mean to the hotel industry.

Hotel sales and marketing: key trends and issues

Revenue Management helps to predict consumer demand to optimize inventory and price availability in order to maximize revenue growth. Revenue Management means not selling a room today at a low price to sell it tomorrow at a higher price. Revenue Management also means selling a room at low price today if you do not expect higher demand.
