Advice literature is ubiquitous. Chouliaraki and Fairclough (1999) argue that our modern lives motivate if not require us to consult the experts. In many fields, experts have negotiated a discourse accessible to the public in handbooks, guidebooks, self-help manuals, etc. As I discover in this study, these public discourses can reinscribe both expertise and social inequity.

An ideology is a set of opinions or beliefs of a group or an individual. Very often ideology refers to a set of political beliefs or a set of ideas that characterize a particular culture.

### **ideology - Dictionary Definition : Vocabulary.com**

An ideology is a collection of normative beliefs and values that an individual or group holds for other than purely epistemic reasons.. The term was coined by Antoine Destutt de Tracy in 1796, who conceived it as the "science of ideas". In contemporary philosophy it is narrower in scope than that original concept, or the ideas expressed in broad concepts such as worldview, imaginary and ontology.
