

imitation to innovation the pdf

Imitation (from Latin imitatio, "a copying, imitation") is an advanced behavior whereby an individual observes and replicates another's behavior. Imitation is also a form of social learning that leads to the "development of traditions, and ultimately our culture. It allows for the transfer of information (behaviours, customs, etc.) between individuals and down generations without the need for ...

Imitation - Wikipedia

This paper looks at innovation as category, and suggests an outline for a genealogical history. It identifies the concepts that have defined innovation through history, from

Innovation: the History of a Category - CSIC

Innovation can be simply defined as a "new idea, creative thoughts, new imaginations in form of device or method". However, innovation is often also viewed as the application of better solutions that meet new requirements, unarticulated needs, or existing market needs. Such innovation takes place through the provision of more-effective products, processes, services, technologies, or business ...
