latin american inflation theoretical pdf

Market socialism is a type of economic system involving the public, cooperative or social ownership of the means of production in the framework of a market economy.Market socialism differs from non-market socialism in that the market mechanism is utilized for the allocation of capital goods and the means of production. Depending on the specific model of market socialism, profits generated by ...

Market socialism - Wikipedia

In economics, inflation is a sustained increase in the general price level of goods and services in an economy over a period of time. When the general price level rises, each unit of currency buys fewer goods and services; consequently, inflation reflects a reduction in the purchasing power per unit of money â€" a loss of real value in the medium of exchange and unit of account within the economy.
