A convention, in the sense of a meeting, is a gathering of individuals who meet at an arranged place and time in order to discuss or engage in some common interest. The most common conventions are based upon industry, profession, and fandom. Trade conventions typically focus on a particular industry or industry segment, and feature keynote speakers, vendor displays, and other information and ...

Event management is the application of project management to the creation and development of large-scale events such as festivals, conferences, ceremonies, weddings, formal parties, concerts, or conventions. It involves studying the brand, identifying its target audience, devising the event concept, and coordinating the technical aspects before actually launching the event.

This publication provides an overview of land use planning challenges and opportunities in the Greater Mekong Subregion (GMS). It introduces two tools—the CLUMondo land allocation model and Spatial Multicriteria Assessment—both of which have the potential to greatly improve the environmental and social sustainability of land use planning and management in the GMS.
