Abstract. Considering the worldwide discussion of Mother Teresa's life that has arisen since the 2007 publication of her private writings in Come by My Light, this essay addresses the question of whether the writings reveal that she was clinically depressed or endured a spiritual dark night.Both psychological and theological analyses are presented.

Project MUSE - Embracing Darkness: A Theological and

Mother Teresa, the famous nun who tended the poor and sick in Kolkata, was born 100 years ago today. She was not known as a diarist but, in 2002, five years after her death, an Italian author published a book with previously unknown diary and letter texts.
