New public management promoting efficient use of public resources has increasingly drawn attention for the last three decades. However, the problem of inefficient use of public resources has not been resolved yet.

Do Organizational Politics and Organizational Commitment

Information management (IM) concerns a cycle of organizational activity: the acquisition of information from one or more sources, the custodianship and the distribution of that information to those who need it, and its ultimate disposition through archiving or deletion.. This cycle of organisational involvement with information involves a variety of stakeholders, including those who are ...
