Intelligence To be intelligent you first have to know what being Intelligent is. And you also have to know what being ignorant is. Ignorant is just another word for "Not knowing". But not knowing is not always obvious or clearly understood. That's because learning is not fully understood. The more you learn the more you should realize what you didn't know.

Motivation is the reason for people's actions, willingness and goals. Motivation is derived from the word motive which is defined as a need that requires satisfaction. These needs could also be wants or desires that are acquired through influence of culture, society, lifestyle, etc. or generally innate. Motivation is one's direction to behavior, or what causes a person to want to repeat a ...

In physics, spacetime is any mathematical model that fuses the three dimensions of space and the one dimension of time into a single four-dimensional continuum. Spacetime diagrams can be used to visualize relativistic effects such as why different observers perceive where and when events occur.. Until the turn of the 20th century, the assumption had been that the three-dimensional geometry of ...

Developing a marketing plan is nothing more than setting goals and making a to-do list that will get you there. If you don't have experience in this field, a marketing plan example can show you how you can get started to start creating your own strategy.. The process of planning something is time-consuming and exhaustive, but it is an absolute necessity if you want to be successful.

It seems that every house I've ever owned has needed a new furnace. I mean sure, the old furnace was still there clunking along and producing heat, but it was always some embarrassingly old thing installed by someone that obviously didn't care about energy efficiency (or it predated the invention of efficient furnaces entirely).
