Basic advice on first aid at work - Health and Safety

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...

First Things First: Prioritizing Requirements 1

- As a manager, it's your responsibility to stay on top of not just your own time management, but also the time management of those around you. Time management is a critical skill that can make or break any manager. In this course we'll cover how time management affects you in three areas. First, managing people, which includes how you handle meetings, how you delegate to others, and train them.
