

thematic structure its role pdf

In linguistics, thematic relations, within certain theories, are the various roles that a noun phrase may play with respect to the action or state described by a governing verb, commonly the sentence's main verb. For example, in the sentence "Susan ate an apple", Susan is the doer of the eating, so she is an agent; the apple is the item that is eaten, so it is a patient.

In generative grammar, a theta role or $\hat{\theta}$ -role is the formal device for representing syntactic argument structure—the number and type of noun phrases—required syntactically by a particular verb. For example, the verb put requires three arguments (i.e., it is trivalent).. The formal mechanism for implementing a verb's argument structure is codified as theta roles.
