Slavery, its origin, nature and history : its relations to society, to government, and true religion, to human happiness and divine glory, considered in the light of Bible teachings, moral justice, and political wisdom

Slavery, its origin, nature and history - Internet Archive

This authoritative volume represents the only complete collection of psychological views on wisdom currently available. Considered an elusive psychological construct until recently, wisdom is currently attracting interest as an independent field.

Wisdom: Its Nature, Origins, And Development by Robert J

A large part of wisdom is in finding a truly common good and in persuading others of its suitability. Although currently, our societies tend to emphasize analytical intelligence in their assessments of individuals in school, college, and beyond, one could argue that assessments of wisdom would be more valuable.

Wisdom â€” Robert J. Sternberg

Since that time, scholars in western cultures have contemplated the nature of the wisdom of human beings and its role in the conduct of life and the organization of society. This discourse continues in contemporary studies of ethics, politics, science, morality, and the meaning of life.

Wisdom, sapience, or sagacity, is the ability to think and act using knowledge, experience, understanding, common sense and insight. Wisdom is associated with attributes such as compassion, experiential self-knowledge, non-attachment and virtues such as ethics and benevolence. Wisdom has been defined in many different ways, a variety of measurement scales have been developed, and several ...

Wisdom - Wikipedia

dom since his 1990 book *Wisdom: Its Nature, Origins and Development*. Although many of the other authors do not have substantial records of wisdom writing, it is encouraging to see there are important management scholars such as Robert Chia, Stewart Clegg, Jay Conger, Dennis Gioia, Robert Hooijberg, and
